

Internship Guidelines

Eligibility

Students become eligible for internships after meeting the department's academic requirements and obtaining approval from the faculty coordinator.

Duration

Internships are generally undertaken during semester breaks or as approved by the department. Students must complete the minimum duration prescribed by the college or host organization.

Approval Process

Students must submit the internship offer letter, company details, duration, and project domain to the department before joining the internship.

Submission Requirements

After completion, students must submit an internship completion certificate, internship report, and presentation to the department.
